

## Risk Assessment Meeting #2

<b>Goal 2: Manage Growth in Designated Hazard Areas Through Sustainable Policies, Principles and Practices.</b>						
<i>Objective 2.1: Identify locations vulnerable to disasters.</i>						
	<b>Action Completed</b>	<b>Delete this Action</b>	<b>Continue (in progress)</b>	<b>Continue (not Started)</b>	<b>New 2019 Action</b>	<b>Progress Report or Justification</b>
Action 2.1.1: Consider areas which were subject to damage in past natural hazards. Take inventory and use information in future development plans.			X			This action will continue to be ongoing as technology advances or new areas suffer damage during an event.
Action 2.1.2: Create a map of all population centers and distribute to all emergency service providers.	X					Nodaway County is rural with a relatively small population. This item is not needed.
Action 2.1.3: Encourage citizens who reside in or own properties in the floodplain to purchase flood insurance and reduce their risk through mitigation actions such as structure elevation.			X			This is an ongoing action. Permits are required to build in the floodplain
<b>Goal 2: Manage Growth in Designated Hazard Areas Through Sustainable Policies, Principles and Practices.</b>						
<i>Objective 2.2: Decrease the impact of natural hazards.</i>						
	<b>Action Completed</b>	<b>Delete this Action</b>	<b>Continue (in progress)</b>	<b>Continue (not Started)</b>	<b>New 2019 Action</b>	<b>Progress Report or Justification</b>
Action 2.2.1: Participate in the National Flood Insurance Program (NFIP). Continue compliance and implementation.			X			Unincorporated Nodaway County is a member of the NFIP. Towns within Nodaway County are also evaluating their need to participate in NFIP.

**Risk Assessment Meeting #2**

<b>Goal 2: Manage Growth in Designated Hazard Areas Through Sustainable Policies, Principles and Practices.</b>						
<i>Objective 2.2: Decrease the impact of natural hazards.</i>						
	<b>Action Completed</b>	<b>Delete this Action</b>	<b>Continue (in progress)</b>	<b>Continue (not Started)</b>	<b>New 2019 Action</b>	<b>Progress Report or Justification</b>
Action 2.2.2: Provide an effective warning system to alert citizens in flood prone areas and on low-lying roadways when flooding is imminent.			X			Ongoing. Use of media, social media, NOAA radios, radio broadcasts and cell phone apps.
Action 2.2.3: Achieve and maintain “Storm Ready” Certification through the National Weather Service.			X			Nodaway County is certified. An application for renewal must be completed every 3 years.
Action 2.2.4: Utilize grant funds and local resources to install storm shelters in locations with insufficient protection, including, but not limited to, local recreation areas and public facilities.				X		This action is very expensive and there is a lack of funding to complete this action.
Action 2.2.5: Monitor the development of inundation data for dams in Nodaway County.		X				This data is available from the State Plan.
Action 2.2.6: Monitor the development of wildfire data to better assess the potential impact.		X				This data is available from the State Plan.

**Risk Assessment Meeting #2**

<b>Goal 4: Maintain Economic Activities Essential to the Survival and Recovery from Natural Hazards.</b>						
<i>Objective 4.1: Increase Nodaway County's economic resistance to disasters.</i>						
	<b>Action Completed</b>	<b>Delete this Action</b>	<b>Continue (in progress)</b>	<b>Continue (not Started)</b>	<b>New 2019 Action</b>	<b>Progress Report or Justification</b>
Action 4.1.1: Assist in the development of disaster plans for local businesses or other entities coordinated with the community disaster plan, to maintain economic viability during a natural disaster event.			X			Local businesses are informed about the consequences of disasters and are encouraged to create a disaster plan for their business.
Action 4.1.2: Encourage all area employers and schools to educate employees and students of disaster plans. Employers should encourage employees to understand their roles and responsibilities in a natural hazard.	X					This action is encouraged in media campaigns and public talks. Area employers and schools have disaster plans. Area schools also participate in fire, tornado, and active shooter exercises.
Action 4.1.3: Maintain emergency lists with names and phone numbers of plant managers and other large area employers.		X				Both 9-1-1 Centers maintain an updated listed of all businesses and their contact numbers. This action is completed by Law Enforcement and Emergency Responder agencies as part of their duties.
